

Remedial Ties

A product range used in existing cavity walls where wall ties have been omitted or have corroded.

Product

V30 Wavy Tail Ties

These products allow the introduction of a cavity tie into a situation where no ties are present. These stainless steel 'wavy' tail ties are used for remedial applications and available in lengths of 150mm-300mm. They are designed for use in conjunction with Vista resins.

Sizes:	150mm	250mm
	175mm	275mm
	200mm	300mm
	225mm	

Test Results

Tested to BS DD 140 Part 2 `987 Exceeding the requirements for a type 2 (medium duty) tie when used with a suitable resin.

Material: Grade 18/8, 304 austenitic stainless steel to BS 1554
